## **Before You Arrive**

Please refer to your confirmation letter for overnight payment deadlines. **Your prompt payment of fees (\$30 per child and adult) is due no later than 14 days before the overnight.** Failure to pay the balance before the overnight will result in cancellation of your reservation. Payments must be in one check, the Louisville Science Center will not accept multiple checks for payment of your overnight.

**Refund Policy:** You may adjust your registration numbers up or down as many times as necessary until **14 days** from your scheduled overnight. At this time, your numbers are FINAL -- no additional adjustments are possible, and no refunds will be given after this time. Total amount due is based on final numbers.

Refunds will only be considered under these circumstances, and if approved, may take up to 30 days to process:

- Requests made at least 14 days prior to the overnight. (The \$100 deposit is non-refundable.)
- Serious illness or accident preventing an individual from attending; a written request from the individual's parent or guardian must be submitted to the Group Programs Coordinator.
- Louisville Science Center cancellation of the program due to extreme weather or unforeseen circumstances - see **Policies and Procedures** on page 4 for additional information.

***Sleeping areas in the exhibit areas will be assigned.*** During co-ed overnight dates, genders are assigned to separate floors, so the Louisville Science Center may not be able to honor special requests for campsites. ***If you are attending a co-ed overnight please submit the number of boys and girls attending with your group no later than 14 days prior to your event!***

Here are a few other things to do before you arrive:

- ☐ Share pertinent information from this packet with your chaperones.
- ☐ Customize and distribute copies of the bring list included in this packet.
- ☐ Distribute copies of the LSC health form and permission slips.
- ☐ If your group is part of a larger organization (e.g. Girl Scouts, Boy Scouts, etc.), also refer to that organization's policies and procedures when planning.

The loading zone in front of the science center may be used for dropping off campers and gear; cars should use flashers when stopped in this area. ***The group leader should plan to arrive before the rest of the group in order to meet and coordinate group members as they arrive.***

It is the group leader's responsibility to contact all participants in their group with the cancellation information.
