

Potter's Potions, Grades 2 – 3 **Peek at the Week**

Board the Express Train to Wizarding Science as we discover the “magic” behind our favorite chemistry spells.

Day 1, *How Charming*: Accio! Incendio! Come to this charms class to master the forces of electricity and magnetism, then try your hand at color-changing chemistry.

Day 2, *Herbology*: Learn about plants and other foliage by planting a “mandrake”, studying carnivorous plants, and making mushrooms.

Day 3, *Fantastic Beasts & Where to Find Them*: Nifflers? Acromantulas? Thestrals? Master these mythical creatures and more as you build your own habitat, dissect an owl pellet, and even make animal blood!

Day 4, *Treats at Honeydukes*: Today is full of science treats! Come watch a gummy bear explode, do math with Bertie Bott's jelly beans, explore Drooble's Best Bubbles and more!

Day 5, *Muggle Studies*: The magic behind our favorite inventions is explored. Dissect some modern muggle objects, and design your favorite flying contraptions!
